

## Vincennes University Articulation Agreements

Vincennes University offers several types of Articulation Agreements. Definition of Articulation Agreement: A formal agreement (or some would call a partnership) between two or more Colleges and Universities.

- For graduates completing a two-year AS degree from Vincennes University who would like to continue their education, Vincennes University has several four-year transfer partnerships. Talk to your advisor for more information.
- Graduates completing a two-year AS degree from another college/university who would like to continue their education, Vincennes University has several four-year programs that can be transferred
- Transfer Single Articulation Pathway (TSAP): As part of the development of the Statewide Transfer General Education Core, public state educational institution, in collaboration with the Commission, has created a Signal Articulation Pathway for each programmatic area below. TSAP pathways are competency-based tracks designed to help students seamlessly transfer their completed associate's degree program course credits into a state public university baccalaureate degree program.
